

something to smile about

NEW LOCATION - NEW NAME

After 10 years at Tanglin Shopping Centre, our Dental Excellence practice will relocate on October 1st to a fresh, new clinic on the 14th floor of the Camden Medical Centre. It will be re-named **smilefocus • Family** and will continue to provide quality dental care for the whole family.

Our existing **smilefocus • Cosmetic** clinic will still offer the many aesthetic treatments to help improve your smile.

Now that **smilefocus • Family** and **smilefocus • Cosmetic** are located in the same building, it will be more convenient for many of our patients who see a dentist at each practice or for those patients who need to be referred to one of our specialists.

smilefocus FAMILY DENTISTRY

At **smilefocus • Family**, the new, more spacious clinic has been designed to provide patients greater comfort whilst benefiting from the latest advances in dental technology.

A glass-enclosed kids' play area allows parents to easily view their children while relaxing in the waiting room with refreshments and the latest magazines. A flat screen TV, movies, electronic games, books and toys will help keep your children well entertained.

All our treatment rooms have flat screen TVs so everyone can enjoy the latest movies and video entertainment during dental procedures. Upgrading our x-ray technology to digital reduces the waiting time for results and the x-rays can easily be viewed on each dentist's computer screen.

Services we offer at **smilefocus • Family** (formerly Dental Excellence) continue to include:

- General Dentistry
- Preventative Care
- Children's Dentistry
- Special Treatment for Dental Anxiety
- Teeth Straightening
- Teeth Whitening
- Crowns and Bridges
